

RE Happenings

Cans for Cash!

Thanks to all the parents & friends of RE who continue to donate aluminum cans... we now have enough cash for our Fall Planting!! All of your donations are really appreciated because when you bring in aluminum cans, we turn them in for recycling & we earn cash! So far, we have earned enough to support the children's gardening throughout the entire 2008-09 school year. Unfortunately, with the turn in the economy the price of metals is about half of what it once was... so, we need more cans than ever! FYI: One trash can of crushed aluminum cans has gone from about \$10 down to about \$5 because we once received 65 cents/lb. & now get about .35/lb. **So, please keep the aluminum cans coming... we need them now more than ever! Thanks so much!!**

Time to Plant...

Thanks to **Terri & Ed Kolaska**, our garden beds are cleaned out and ready to go! On **Sunday, October 4th** with their assistance the RE children will plant our fall "crop". Afterwards we'll enjoy a pizza lunch and a cool dip in the Mann's pool. Families & friends of RE please contact Debbie Johnson, if you'd like to join in fun ☺

Time to bring your loose change to church again!

On **Sunday, October 25th** the RE children & youth will be Trick-Or-Treating for UNICEF during the UUSDBA hospitality hour, while giving out Fair Trade chocolates to those who contribute. This is a great opportunity for us to learn more about the importance of Fair Trade and how UNICEF helps needy children around the world, while giving our youngsters a chance to parade around in costume! Afterwards families will enjoy a festive gathering for our Annual Pumpkin Carving Event.
