RE Adopts a Polar Bear

Throughout January the RE kids considered how global warming is affecting the polar bears' environment. Putting their Faith into Action the kids collected over \$25 and adopted a Polar Bear. If you would like to do the same, check out this website. 88% of your donation will go directly to the cause. <http://www.worldwildlife.org/ogc/>

RE collects for UNICEF as they send help to those Haitians in need

There is a balance of \$6.46 from their collection for the polar bear... So, the RE kids have decided to apply it to their next initiative. Each week throughout February the RE kids will collect coins (and bills) so that they may make a donation to UNICEF on behalf of the survivors of Haiti's earthquake. You can visit the UNICEF website to view reports on delivery of safe water and other vital supplies: <http://www.unicef.org/>

Toolbox of Faith

You may have wondered...

What tools does Unitarian Universalism offer for the challenges of life?

Throughout 2010 our RE children and youth will discover many aspects of UU faith that are helpful to them, while developing a toolbox of faith. The next tool from our toolbox will be a magnifying glass. It symbolizes questioning and looking deeper. This month Pastor Bud's *Story for All Ages* is entitled: *The Stargazer Who Discovered a Comet*. The lessons & activities that follow in RE class throughout Feb. encourage our kids to consider...
